THE CABINET PRESS, INC. — MILFORD, N. H. — 1976

## ABOUT OUR COVER

What is the best known feature of Union Square? Is it the huge wooden eagle atop Eagle Hall? Is it the Paul Revere bell striking the hour in the town hall steeple? Is it the Oval with its trees and walks? Or is it the old fashioned band stand, symbol of a bygone era?

In Milford, the band stand is in prominent view, and during the past year has come into its own. Several concerts were given from its picturesque platform, and in September, The President of the United States, Gerald Ford, stood there while thousands cheered.

The band stand was given to the Town by Albert Pillsbury in 1895.

Our cover picture, therefore, records this unique Milford landmark for posterity.

— Photo by Wm. Ferguson

Here is another view of Milford's famous band stand. It has been a feature of the town common for many years, but not always in the same location. The scene above is taken from a postcard showing a band concert during the Industrial Carnival in October, 1911.

# Selectmen's Report

The year 1975 was a year of many varied problems. We meet with the department heads, committees, or citizens, who have problems at the Selectmen's meetings, which are held every Monday night.

If a citizen has a problem and wishes to meet with the Board of Selectmen all they have to do is to call the office and make an appointment.

Last March a contract was signed with the engineering firm of Anderson-Nichols to start Phase I of Milford's sewerage disposal project. This should be completed by March 1976, at which time present plans call to start Phase II (Design Phase) which will take about one year. The preliminary survey called for the location of the sewerage plant on a piece of land in East Milford. However, some residents have objected, and at this time a second piece of land is being studied as a possible alternate site. Easements have been obtained from landowners for the sewer interceptor line.

The volunteer ambulance service had 478 calls this year. We believe we have a service as good as any in New Hampshire.

The town celebrated the Nation's Bicentennial from July 23rd to July 27th, 1975. Milford and area residents felt it was one of the most successful celebrations ever held in this area. Our congratulations go to all the people on the Bicentennial committee, the police department, the ambulance service, and all the citizens, and organizations, involved in making it such a tremendous success. During the celebration Milford's new fire station was dedicated. Also a new park on South Street was dedicated.

In September President Ford honored Milford by coming into town and stopping and making a short speech in the square.

In October the governor and council approved the Route 101 Bypass. The selectmen sold 5.06 acres of land to the state for \$10,000.00. This land was needed for the By-pass right of way.

The Trustees of the Kaley Foundation presented the town with a check for \$5,000.00 to be used for the resurfacing of any tennis courts that needed it or for the purchase of court equipment.

In early December Milford and other area selectmen met with

County Commissioner Lobacki to listen to the problems of County government. As noted by the 1975 town meeting a letter was sent vigorously protesting paying our County Tax.

Heavy snows, sleet and rain, the last couple of weeks of December caused an over-expenditure of our snow removal budget.

The Board would like to express its sincere appreciation and thanks to all citizens who served the town without compensation, and to all employees and department heads, all who contribute so much to the growth, and welfare of Milford.

WALTER F. PUTNAM, Chairman  
FREDERIC H. FLETCHER  
CHARLES P. HAYWARD

In September, President Gerald Ford came through Milford, stopping briefly to greet the crowd from the band stand.

# WARRANT

The State of New Hampshire

The polls will be open from 2 p.m.  
(not to close before 8 p.m.)

To the Inhabitants of the Town of Milford in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at Milford Area School Auditorium in said Milford on Tuesday, the second day of March, next at two of the clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To act upon the reports of all Town Officers, Agents and Committees and raise and appropriate money relative thereto.
4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of Taxes, if necessary, as provided by the law of 1907.

# WARRANT

5. To see what sum of money the Town will vote to raise and appropriate to be used with income, if any, for the election and registration expenses, district court expenses, Public Works Administration, town hall and other buildings, town office expense, town officers' salaries, civil defense, fire department, hydrant rental, police department, communications center, health department, sewer maintenance, town dump, vital statistics, highway maintenance, oiling, snow removal, street lighting, town road aid, Wadleigh Memorial Library, old age assistance, town poor, Memorial Day, parks and playgrounds, cemeteries, ambulance service, group health insurance, damages and legal expense, employees' retirement, employees' social security, insurance, police pension, interest on long term notes, interest on temporary loans, sidewalk construction, long term notes and county taxes.

6. Shall the Provision of Chapter 287 of the Revised Statutes Annotated relative to playing games of Beano be adopted in the Town.

7. Shall the amendments to the Zoning Ordinance, No. 1 through No. 7, as proposed by the Planning Board be approved by the Town. (Vote to be by Ballot.) (Planning Board)

8. To see if the Town will vote to appropriate the sum of \$12,790.00 to purchase a Dump truck 27,500 G.V.W. equipped with plow front, trade in of a 1968 Chevrolet Dump truck; and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

9. To see if the Town will vote to appropriate the sum of \$3,500.00 for a one-half ton Pick-up truck for the Public Works Department, no trade; and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

# WARRANT

10. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 for the Town's share of replacing the bridge on North River Road near Mochrie's. Estimated cost of project \$150,000.00 — 10% Town share.

11. To see if the Town will vote to appropriate the sum of \$4,200.00 to remove the concrete sidewalk, on the south side of Hillsborough Mills bridge, and replace it with guard rail and curb; and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

12. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 to replace the guard railing, sand blast and paint beams on the Whitten Road bridge.

13. To see if the Town will vote to authorize the expenditure of \$850.00 from the Water Department to purchase an electric sewer rodding machine for house sewer services (200 ft. of 1-in. cable).

14. To see if the Town will vote to raise and appropriate the sum of \$800.00 to purchase 2 two-way Radio Mobile Units for the Highway Department. (To replace two 1957 units.)

15. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 to have an individual audit made of the Town of Milford for the calendar year 1976.

16. To see if the Town will vote to raise and appropriate the sum of \$1,770.00 for the support of the Monadnock Region Association. (By Request)

# WARRANT

17. To see if the Town will vote to appropriate a sum not exceeding \$36,400.00 for the purpose of making improvements to the following Class V roads within the Town of Milford, N.H., (Melendy Road — from the intersection of Ball Hill Road, northerly 2,000') (Union Street — to begin 550' south of the intersection of Mooreland Street, southerly 1,300'), such sum to be raised through the issuance of bonds or notes under and in compliance with the provisions of Chapter 241, New Hampshire Revised Statutes Annotated, as amended, and to authorize the Selectmen to determine the date and place of payment of such bonds or notes and to determine the rate of interest thereon, and to take such other steps as may be necessary to negotiate such bonds or notes as shall be to the best interests of the Town of Milford, N. H.

18. To see if the Town will vote to adopt the provisions of Chapter 252 New Hampshire Revised Statutes 1955 as amended relating to construction and maintenance of sewers and sidewalks.

19. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for contribution to the Nashua Community Council Mental Health Clinic. (By Request)

20. To see if the Town will vote to raise and appropriate the sum of \$1,000.00 for the Conservation Commission to continue its work. (Milford Conservation Commission)

21. To see if the Town will vote to appropriate the sum of \$13,000.00 to renovate the former Suburban Propane store and to make additions and alterations in accordance with plans for additional office space for the Milford District Court, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

22. To see if the Town will vote to raise and appropriate the sum of \$13,400.00 to remodel part of the former fire station quarters, in the town hall building, for the Police Department.

# WARRANT

23. To see if the Town will vote to raise and appropriate the sum of \$2,500.00 to be paid into a capital reserve fund authorized for the purpose of replacing ambulance unit thereof. (Milford Volunteer Ambulance Service)

24. To see if the Town will vote to raise and appropriate the sum of \$1,900.00 to paint the ceilings and walls and woodwork of the main floor of the Wadleigh Memorial Library. (Library Trustees)

25. To see if the Town will vote to appropriate the sum of \$2,000.00 to oil a section of Nashua Street, from Wheeler Street easterly to the railroad tracks, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

26. To see if the Town will vote to amend the Sunday Ordinance, so-called, adopted at Town Meeting March 8, 1932, as follows: Paragraph 2 of Section 3 is amended to read, "It shall also be lawful to serve meals and to sell any other article of merchandise needful to the public on the Lord's Day in the Town of Milford in addition to those permitted to be sold by Chapter 332-D New Hampshire Revised Statutes Annotated; but no person shall sell any such article until he shall have obtained a permit so to do at a fee to be determined annually by the Board of Selectmen payable on April 1st of each year; excepting that anyone selling articles produced by themselves or their families shall be exempted from paying a license fee. Any license so granted shall be subject to revocation at the will of the Selectmen for just cause."

27. To see if the Town will raise and appropriate the sum of \$1,900.00 to purchase radar equipment for the Police Department with the understanding that the New Hampshire Highway Safety Agency will reimburse the Town 50% of the cost. (By Petition)

28. To see if the Town will vote to adopt the provisions of R.S.A. 55:9a and R.S.A. 55:9b to empower the Town Clerk with all the powers and duties of City Clerks, so that any person who is a legal resident of the Town of Milford whose name does not appear on the checklist may apply to the Town Clerk for the purpose of having his name added thereto. (By Petition)

# WARRANT

29. To see if the Town will vote to authorize the expenditure of \$10,000.00 from the Water Department to purchase a propane stand-by engine and pump (right angle drive) for Savage Well pumping station.

30. To see if the Town will vote to raise and appropriate the sum of \$4,630.00 for Town Road Aid, Apportionment "B". Matching funds.

31. To see if the Town will vote to authorize withdrawal from the Revenue Sharing Fund established under the Provisions of the State and Local Assistance Act of 1972 for use as set-offs against budget appropriations in the amount indicated; and further to authorize the Selectmen to make pro-rata reductions in the amounts if estimated entitlements are reduced or take any other action hereon:

Police Department (Cruiser)	\$ 3,900.00
Volunteer Ambulance Service	17,138.18
Town Dump	23,000.00
	<hr/>
	\$44,038.18

32. To see if the Town will raise and appropriate the sum of \$2,500.00 to provide two Rest rooms to be located off the meeting room, in the town hall building.

33. To see if the Town will vote to raise and appropriate the sum of \$15,000.00 to be paid into the capital reserve fund authorized for the purpose of financing the acquisition of fire trucks and the equipping thereof. (Firewards)

34. To see if the Town will raise and appropriate the sum of \$1,655.00 to participate in the Nashua Regional Planning Commission.

35. To see if the Town will vote to raise and appropriate the sum of \$300.00 to cover the cost of lighting the Oval at Christmas time. (Request by Jaycees)

# WARRANT

36. To see if the Town will vote to raise and appropriate the sum of \$2,000.00 for the purpose of restoring a series of summer evening band concerts on the Milford Oval. Selectmen are to appoint a committee to expend said \$2,000.00 in hiring bands for as many concerts as possible, such as those held in the summer of 1975 during the Bicentennial celebration. (By Petition)

37. To see if the Town will raise and appropriate the sum of \$500.00 to pay for electric power for lights on two tennis courts at Keyes Field. This will be for adult tennis for Milford residents only, from May 1st to November 1st, 8:00 p.m. to 12:00 p.m. The necessary poles, installation and lights to be provided by the Milford Rotary Club at no expense to the Town. (Milford Rotary Club)

38. To see what sum of money the Town will raise and appropriate for the acquisition of land to be used as a site for a sewage treatment plant or take any other action relating thereto.

39. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this thirteenth day of February, in the year of our Lord nineteen hundred and seventy-six.

WALTER F. PUTNAM  
FREDERIC H. FLETCHER  
CHARLES P. HAYWARD  
Selectmen of Milford

*Thirtieth Annual Report*  
OF  
Milford Public Works Department  
FOR THE  
YEAR ENDING DECEMBER 31, 1975

Respectfully Submitted  
By  
ROBERT E. COURAGE, Superintendent

How many towns have a "swinging" bridge for pedestrians? Milford's unusual structure crosses the river from Bridge street to Souhegan street. It was repaired during 1975.

— Photo by Joe Landers

## *Building Inspection*

The total estimated cost of new building and alterations listed on permits was slightly less than last year.

Single and two family new homes, along with most of the other categories of new building, showed an increase over the previous year.

Inspections were made of the various phases of construction as time permitted.

The department continues to handle septic system inspections for the New Hampshire Water Supply and Pollution Control Commission. Repairs and replacements of existing systems are also handled by the department.

Copies of the Building Codes and Zoning Ordinances are available and can be obtained at the Public Works Office.

It is the feeling of your Superintendent that in order to properly inspect and enforce the many building and zoning codes, we have adopted, the creation of a full time position is essential.

### EXPENSES:

## *Cemeteries - Regular*

This appropriation supplements the interest income from Perpetual Care Funds in defraying the costs of operating the Cemetery Department.

Items charged to this account are unrelated to Perpetual Care. These include mowing and caring for annual care lots, opening graves and constructing foundations for monuments.

In our older cemeteries many of the lots are not either perpetual care or paid for by a sponsor or on an annual care basis, relatives have long since passed away. It has been the policy of the department to keep these lots mowed for the general appearance of our cemeteries. This item would also be charged to this account. Several monuments that had been pushed over and defaced due to vandalism were again reset and repaired and the department urges that this type of malicious act be stopped.

Many favorable comments were received about how well our cemeteries looked. With last summer's frequent rain our crews were kept busy mowing and trimming lots.

Your superintendent feels that Cemetery Foreman, Joseph Pezzullo and his crew did a fine job in caring for our five cemeteries.

### EXPENSES:

Labor	\$4,218 13
Equipment Rentals - Truck	222 00
Materials: seed, loam, cement, fertilizer	599 00
Equipment - mower, trimmers and leaf blower	630 55
Repairs to equipment	118 69
Tree work	96 00
Miscellaneous - water, gas, supplies	187 63
	<hr/>
TOTAL	\$6,072 00
APPROPRIATION	6,000 00
	<hr/>
BALANCE - Over-expended	\$ 72 00

## *Cemeteries*

### PERPETUAL CARE - INTEREST 1975

Interest received from invested trust funds was used to provide care for the many perpetual care lots, the majority being in Riverside

Cemetery. All of our five cemeteries have some perpetual care lots.

Care includes raking, mowing, tree work and the regrading of lots. Only in recent years has the income increased enough to provide money to do very much regrading and seeding. We plan to grade as many lots as possible each year as our funds will allow. Those lots which are in the worst condition will take priority.

All of the funds received were not spent in 1975. Income received was considerably more than the previous year. The balance has been earmarked for 1976. Plans are to purchase a new riding mower and spend the balance regrading perpetual lots.

EXPENSES:

Labor	\$13,436 66
Materials — loam, seed & fertilizer	480 21
Equipment Rental	396 00
New Equipment — lawn mower	138 60
Repairs to equipment	509 59
Tree Work	305 00
Miscellaneous — gas, water, etc.	315 53
	<hr/>
TOTAL	\$15,581 59
INCOME — Interest Income 1975	17,937 49
	<hr/>
Balance earmarked for 1976	\$ 2,355 91

Balance of Perpetual Care — Interest 1974

Interest received on Trust Funds were substantially more than anticipated. This is attributed to re-investing the principle and the higher interest rate.

After deducting the various cemetery expenses for 1974 a balance of \$3,200.00 remained. The Board of Selectmen and Cemetery Trustees authorized the use of these funds for the regrading and/or repair of Perpetual Care Lots in the various cemeteries. Loam, seed, fertilizer and labor performing this work was charged to this account.

The following grading work was accomplished with these funds: Riverside Cemetery — 54 lots. North yard Cemetery — 30 lots, and West Street Cemetery — 104 lots. A few lots in Union and Elm Street Cemetery were also repaired.

This work has made mowing much easier, as well as improved the appearances of our cemeteries.

EXPENSES:	
Labor	\$2,601 98

BALANCE	0 00

### *Riverside Lot Fund*

Income from the sale of lots is deposited to this Savings Book Account. The charge is twenty dollars per grave. These funds accumulate with interest until such time as an item of expenditure arises.

With approval from the Board of Selectmen and Cemetery Trustees, funds were withdrawn and expended for paving eleven hundred and forty feet of roadway in Sections H and B. Eighteen trees were purchased and planted at locations in Riverside.

Tentative plans for nineteen seventy six are to begin clearing areas for enlarging the cemetery. Selective cutting will be done so as to retain as many shade trees as possible. Some grading with a hired bulldozer is also intended. A two hundred foot section of road in Section B should be paved. This will then complete that Avenue. We recommend that a dozen shade trees be purchased, these to be planted by regular Public Works help at locations designated by the Trustees.

### *Highway Maintenance*

#### (SUMMER MAINTENANCE)

This appropriation defrays the cost of maintaining our highways and equipment from April to mid November. The following is a brief summary of work accomplishments in some of the various categories.

**DRAINAGE:** New culverts were installed on McGettigan and North River Road. A culvert was relocated at the corner of Ponemah Hill and Stable Road. An eighteen inch culvert was extended at the

outlet to the river in back of Milford Paint Works. The gutters on Ball Hill Road were paved. This eliminated a frequent problem of ditches eroding on this steep hill.

**GRAVEL ROADS:** A lift of gravel was applied to a section of McGettigan Road. Gravel was also applied to sections of Purgatory and Stable Road. Gravel roads were graded over several times during the year.

**DITCHING:** Roadside ditching using the town grader, loader and trucks was performed on Mason, Coburn, North River, Federal Hill, Foster, Ponemah Hill, Hammond and Joslin Road. Drainage ditches along the Boston and Maine Railroad tracks off Crosby Street were cleaned out. This project involved several hundred feet. This type of work was also performed in many other areas of town.

**BRUSH CUTTING:** Cutting was done on Riverlea and Whitten Road. Roadside mowing was performed throughout the town.

**SIGNS:** Several street name, speed, stop, yield and caution type signs were erected. Many of these were replacements due to removal or destroyed by acts of vandals. New stop for Pedestrians on Crosswalks signs were erected in Union Square.

**BRIDGES:** The departments labor for repairs to the swing bridge was charged to this account. Temporary repairs were made to the guard rails on the bridge on North River Road.

**STREET CLEANING:** All of our intown streets were swept during the year. With the large amount of sand we are using in the winter sweeping has increased. The main streets and Union Square were swept on the basis of three times a week from April to mid November.

**TREE WORK:** Numerous dead trees were taken down and cleaned up throughout the town in a joint program with the Public Service Co. Several tree stumps were removed from sidewalks and in areas that are troublesome to snow plows.

PATCHING: Roads and Streets were patched as required. Pot holes were at a minimum, which is attributed to our program of oiling every road on a three year basis.

EQUIPMENT REPAIRS AND MAINTENANCE: In addition to routine items of maintenance and repairs several pieces of equipment were painted at our shop. The majority of all repair work on trucks is done by our mechanic. Some of the work on the larger equipment is performed by outside firms. Our equipment operated well with only a minimum of breakdowns and loss of time. The Street Sweeper and Landfill Machine continues to be the most costly to operate. The reason for this being that both are continually operating under adverse conditions of dust and abrasion.

Increased costs in materials and fuels made it very difficult to stay within our budget. By saving in whatever areas we could, an over expenditure was not necessary.

EXPENSES:

Labor	\$24,317 52
Equipment Rentals	3,060 68
Tools	355 94
Fuel – gas, oil	3,035 14
Equipment parts and supplies	1,503 11

APPROPRIATION	45,200 00
	-----
BALANCE	\$ 90 49

## *Oiling Program*

A total of 14.31 miles of roads were surfaced treated with an application of MC 800 liquid asphalt. This was applied at the rate of one quarter gallon per square yard. Sand cover was spread, as needed, then honed with a steel drag brush. Liquid asphalt and sand mixed together with the town grader was used as a leveling course on Joslin and a section of Federal Hill Road. This filled in many of the sags and depressions and has improved the riding quality, as well as the drainage.

Even though the price of liquid asphalt has increased sharply in the past few years, Milford has appropriated the additional funds needed to keep the program of oiling streets and roads on a three year basis. The result, road break-up and excessive potholes are at a minimum.

The following streets and roads were oiled:

Streets: Adams, Billings, Birch Lane, Border, Dearborn, Falconer Ave., Forest, Granite, Hilltop Drive, Hollis, Maple, Myrtle, North, Perkins, Pine Valley, Madison, Pleasant, Shady Lane, Spring, Summer, Trows Court, Mayflower Drive, Highland Avenue, Souhegan, West-view Terrace, Orchard, and Oakwood Circle.

Roads: Joslin, Merrimack, Jennison, North River, Old Wilton, Phelan, Purgatory, Richardson, Riverlea and a section of Savage.

## *Parks & Playgrounds*

This appropriation provides the funds for the general care and upkeep of our several parks and memorials. The operation and maintenance of Keyes Pool and the summer recreation program are also items charged to this account.

**PARKS:** The general maintenance of grounds such as mowing, raking, and trash removal is performed by regular employees of the Public Works Department. These include the Oval, War Memorial, Shepard Park, Hartshorn Park, Keyes Field, Emerson Park and the new Bi-centennial Park located on South Stret.

Funds were not provided in the budget for the painting of the bandstand on the oval, but the Selectmen felt it should be painted and authorized the over expenditure in time for the Bi-centennial Celebration.

Tree feeding and trimming was provided on the oval. Dead trees were removed at the War Memorial and at Shepard Park. Plans are to start a program of planting new trees in our parks where trees have to be cut.

Vandalism in our parks continues to be an annoying and costly problem. Several light globes were smashed at Emerson Park. The water drinking fountain on the Oval was torn out and several benches on the Oval were maliciously smashed.

**KEYES FIELD:** At the municipal pool several sections of piping, from the pool skimmers to the filter, found to be inoperable were excavated and replaced. Several sections of concrete aprons had to be replaced. The pool was cleaned and painted prior to opening. The pool functioned well during the season even though the facility operated at a maximum. Milford should give consideration soon to the construction of another pool in order to accommodate the population increase. Considerable clearing and general clean-up was done in the picnic area along the river near the pool. Each year a piece of playground equipment has been purchased for the playground area. A slide was selected as this year's item. We now have available several pieces of equipment that are enjoyed by the younger children.

This park has much to offer to our community. Presently, there is swimming, tennis, playground equipment, baseball diamonds, a picnic area and a Summer Recreation Program. Milford is indeed fortunate to have such a facility.

## *Keyes Memorial Pool and Recreational Program*

Keyes Memorial Park, a very busy place all summer, provided the residents of this community with a variety of programs and activities.

The pool continues to be the center of activity as hundreds of children and adults availed themselves of this fine facility. Instructional classes were full, the 3-6 year old program was again popular, as a waiting list prevailed all summer, adult instruction in the evening was also popular, while the afternoon and evening free swim time was usually full.

The Swim Team, coached by Karl Steinback, provided many exciting moments to those that attended the meets.

The Arts and Crafts Program continued to meet the individual needs of youngsters and their varying interests.

The Recreational Program was again popular, as children and adults of all ages descended upon the park each day to participate in one of the following activities: Adult Tennis Lessons, Children Tennis Les-

sons, Bus Trips to exciting places, Softball, Bowling, Treasure Hunts, Games Day, Track & Field Meet, Volleyball, Archery, Special events day, Youth Team Tennis Competition, Tennis Tournaments, Super Kid Competition.

The Park was busy — people of all ages enjoying wholesome activities each day. I commend both Ann Prestipino and Ed Sides for their dedicated contributions to the programs and their willingness to devote many hours in providing sound, wholesome, fun-filled moments to the parks inhabitants.

The Keyes Park Summer Program is growing. Along with this growth has been the cooperative helpfulness of many citizens during the summer. This was very much appreciated. As I write this report, I know there will be a new director next summer. However, having seen the program grow, I feel honored to have been able to have taken part in its growth. The Community has supported its summer programs and I know the future will bring even greater programs to the residents of Milford.

On behalf of the staff, I extend sincere thanks to all participants and those that cooperated in making the summer of "75" a successful one for the children and adults of this town.

RICHARD B. MEZQUITA

## *Snow Removal*

### (WINTER MAINTENANCE)

Snowfall in 1975 totaled 79.9". The most received was in December 31.7". The total year's snowfall was 31.5" more in 1975 than in 1974. As in past winters our area again experienced frequent periods of freezing rains; these storms are the most treacherous to motorists and

pedestrians. This type of storm requires the use of large quantities of sand and salt. The department, this year, used 704 tons of salt and 1,300 cubic yards of sand. Emphasis was again on the use of more sand than salt.

Items charged to this account include equipment rentals, fuel and equipment parts and repairs. Labor is also charged to this account from about mid November to April first. When there was a minimum of snow and ice problems the department worked on a variety of other items. These included lowering the roof on the old town barn, cutting brush along McGettigan, Osgood, Mason, Ball Hill, Young and Jennison Roads. Several dead trees were taken down in the Pine Valley section of Milford in a joint project with Public Service Company.

For the past two years this appropriation has had an unexpended balance. Frequent snow and freezing rain during the last two weeks of December resulted in a sizeable over expenditure for the calendar year 1975.

8	.2	March	4.1
	---	April	4.2
Total	4.2	November	2.3
		December	31.7
			---
		Total	79.9

Traces (less than .1 inch) fell on Jan. 21, Jan. 25, Jan. 29, Feb. 7, March 10, March 12, March 31, April 3, April 27, Nov. 27, Dec. 9, Dec. 13, and Dec. 23.

With its 80-inch total, just about the annual average for the past three-quarters of a century, 1975 seems to have checked the trend of the preceding two years toward lesser snowfall. An oddity was that 60% of the year's entire snow came at the beginning and end — during the first 14 days of January and the last 12 days of December.

Respectfully submitted,

ANDREW E. ROTHOFIUS

U. S. Weather Service Co-operative Observer

## *Town Buildings*

This appropriation provides the funds to defray the costs of operating and maintaining Town Buildings. The majority of this account is spent on the Town Hall Building.

**TOWN HALL BUILDING:** Two rooms in the Historical Society, which is located on the third floor, were painted. Several areas of broken plaster were repaired prior to painting. The hallway off Nashua Street was also painted. In the coatroom, off the main hall, the floor was covered with masonite and the room was painted. This work was done by regular Public Works Help. We are in hopes that the problems we have been having with the heating system will be corrected. Several changes in the wiring of the burner and zone valves have been made which should solve most of our problems. Actual costs of electricity and fuel showed sizeable increases. Obviously, we didn't budget adequately. Several price increases occurred after the budget was approved. As a result, a sizeable overdraft appears in this appropriation.

**TOWN GARAGES:** For the past two years regular Public Works Help, during winter periods when work was slow, have been repairing

the old frame garage buildings located off Bridge Street. This past winter the second story, which was deteriorated badly, was removed from the old town barn. A new roof was installed on the present single story building. In the new garage the Overhead Doors were repaired, the lighting was improved by relocating fixtures and repairs were made to the heating system. An area was partitioned for a tool room. This has provided the needed additional space for storage of tools, parts and supplies. The area, located in the new section of the Town Garage occupied by the Ambulance Service, was turned back to the Department for storage of equipment.

### *Town Dump*

At Town Meeting it was voted to appropriate the entire amount of this account from Federal Revenue Sharing Funds.

Emphasis at the landfill site this year was to utilize to the best

advantage the land and existing fill from the area of the old burning dump. The front of the site, which borders North River Road, is about completed. The present grade meets the highway at a reasonable elevation.

In the rear a large pit was dug which provided an abundance of fill and a large area to dump refuse. It is the department's feeling that considerable more of the old dump can be re-used as well as similar pits can be dug below the grade of the old dump. This will provide additional space to dump refuse and yield a large quantity of useable fill. Clean fill and gravel, purchased from outside suppliers, is used to cover the top of filled areas. Fill at the site contains articles detrimental to tires and will not pack suitable to support traffic loads.

The tractor at the landfill was extensively overhauled this year. Items included a complete under carriage, replacing the radiator, brake system, seals in the final drives, rebuilding the turbo charger and several other items. These repairs are from normal wear and must be expected with this type of machine working in these adverse conditions. Repairs and maintenance will continue to be a large item in the landfill budget.

## *Town Road Aid - A*

The 1975 funds were used to begin a betterment project on Melendy Road. Proposed reconstruction totaled 1800 ft. beginning at about 200 ft. North of the intersection of Ball Hill Road and extending northerly.

Plans are to improve alignment and grade, install drainage, provide a new gravel base with a 20 ft. mix in place surface with three foot gravel shoulders.

Accomplishments for this year included completing the clearing and removing several sections of stone wall.

During excavation several out-croppings of ledge were found. In order to achieve the desired grade a substantial amount of blasting will be necessary. This adds to the cost.

The State TRA Supervisor and your Superintendent now feel that this project should extend northerly about 300 ft. The purpose is to lower the grade to provide adequate sight for safe two way traffic. Presently there is a blind spot on this vertical curve. This project extension also has considerable ledge which will require blasting.

To complete this project the 1976, 1977 and possibly part of 1978 funds will be needed. About \$9,000.00 per year is available with about 86% of the amount State and 14% raised by the Town.

## *Town Road Aid - B*

Preliminary engineering and survey work was completed on a proposed betterment project on Union Street. This is to begin at the intersection of George Street and terminate at the State Compact Line at King Street. Items included are drainage, curb, sidewalk and road reconstruction.

Town and State funds have been earmarked and are accumulating to do this project.

Milford appropriates \$4,630.00 each year based on the 4.63 miles of B Road. These are our main streets. The State equally matches this amount. A total of \$9,260.00 is available each year.

The Union Street project will not be done until the new sewer system is complete.

BALANCE of Town and State B Fund,	
December 31, 1974	\$43,664 38
TOWN Appropriation 1975	4,630 00
STATE Share	4,630 00

Expend by State	— 1,877 37
	<hr/>
TOTAL Funds Available, December 31, 1975	\$51,047 01

## *One Ton Dump Truck*

This vehicle replaced a similar 1970 Unit. Low bidder was the Draper Chevrolet Co. The new truck is a 1975 Chevrolet Model #31003, equipped with a 1½ cubic yard dump body. The unit has proved to be very satisfactory.

### EXPENSES:

Draper Chevrolet Co.	\$3,437 41

## *Swinging Bridge Repairs*

An appropriation was approved using Federal Revenue Sharing Funds for repairs to the suspended foot bridge, a historical landmark constructed in 1889.

Repairs included replacing the thirty nine steel floor support beams. A new floor of salt treated planking was installed. Four foot chain link fencing was attached to each side to protect against children falling through the existing wide openings. This portion of the work was done by the regular Public Works Crew and Russell Riddle, a local welder who was hired with his equipment on an hourly basis.

A Contract was awarded to The Structural Painting Corp. from Latham, New York, low bidder for sand blasting and painting. Three coats of an approved paint were applied by brush.

The entire project was completed in time for the Bicentennial Celebration.

**EXPENSES:**

Labor (Public Works — from Highway Maintenance)	\$ 0 00
Materials — I Beams, Steel Rods, Staging, Bolts and nuts	3,550 46
Equipment Rental — Welding	1,879 50

**Contracted Items:**

## *Water Department*

**DISTRIBUTION SYSTEM:** Several new house services were added, these were lots in subdivisions where the utilities had been installed and streets were completed the previous year. The majority of these new homes were on Alpine Street, Crosby Street and Chappell Drive. On Powers Street two thirty unit apartment buildings and an Industrial building were connected to the water supply.

Four-hundred and forty feet of six inch main was installed on Lewis Street from department operating funds. This replaces two one inch pipes which were not capable of supplying water to customers on that accepted street. A hydrant was installed which will provide fire protection in that area. Hydrants broken by vehicles were replaced in Union Square and on Elm Street. Hydrants were flushed and inspected at least once during the year.

Only two main water breaks occurred during the past year. Both were last winter and were located on Elm Street and Osgood Road.

Main gate valves in several sections of the system were lubricated and operated as part of a valve maintenance program. One hundred new meters were purchased to replace old meters. Outside readers have been installed on services where access to the meter is not readily accessible.

**STORAGE TANK:** A contract was awarded to Dobeck and Smith Co., Inc., a painting firm from Blackstone, Mass., low bidder for sand-blasting and painting the two hundred and fifty thousand gallon tank off Prospect Street. The interior and exterior of the tank was refinished.

**SOURCE OF SUPPLY:** Milford's three gravel packed wells operated satisfactorily with only minor repairs. A larger standby propane gas engine was installed at Keyes Well. International Harvester Co., bore the cost of replacing and changing the engine as the original unit did not meet the town's specifications. Corrosion control is now working well. We are able to maintain a uniform PH Value throughout the system. This treatment has minimized corrosive action on copper piping.

**ADMINISTRATION:** Collections from the sale of water, sale of materials and job work were good. Delinquent accounts were kept active. Interest is charged at the rate of one and one half percent on all accounts after thirty days. The department, as in the past few

years, paid interest and principle payments on long term notes and bonds. This year was the last payment on the Savage Well, which was constructed in 1960.

**RECOMMENDATIONS FOR 1976:** To install a right angle pump drive and a propane standby engine at the Savage Well capable of pumping five hundred gallons per minute. This station when built did not have a standby motor. An article has been included in the warrant asking authorization to expend funds from operating income to do this project.

Seven hundred feet of old four inch pipe on Crosby Street is scheduled for replacing with eight inch connecting to West Street. New hydrants will be installed on this extension. House services presently connected to the four inch line will be tapped in the new main.

Mr. Walter F. Putnam, Chairman

Board of Selectmen

Milford, New Hampshire 03055

Dear Mr. Putnam:

In accordance with the request of Mr. Robert E. Courage, Superintendent of Public Works, we have examined the cash transactions of the Milford Water Department, Milford, New Hampshire for the calendar year 1975.

In our opinion, the accompanying Statement of Operations for the calendar year 1975 presents fairly the results of cash transactions during the year on a basis consistent with that of the preceding year.

The accompanying Statement of Customers' Accounts for the calendar year 1975, not examined by us, is presented to show gross revenues, collections and allowances to users for the calendar year. Very truly yours,

DONALD J. HENDERSON, Certified Public Accountant

## *Milford Volunteer Ambulance Service*

During 1975, the Ambulance Service made 478 runs, averaging about 40 per month. Most calls were for home illnesses (165) and home injuries accounted for 67. Highway accidents or injuries resulted in 49 runs.

There are 27 members at present, with a goal of 30. A number of local residents are taking training courses to make them eligible for membership. There are 23 emergency medical technicians, three registered nurses, two of whom have taken the EMT course, and four Red Cross trained attendants. All ambulance calls are handled by the Milford Communications Center. Attendants on duty are notified by a "page" radio system.

Training classes are held twice a month in our quarters in the Town Hall (former fire station). The training officer is a Registered Nurse.

In 1975 members of the Ambulance Service conducted cardiopulmonary resuscitation workshops at Milford Area High school for teachers and students, for several local organizations, and for interested townspeople. Workshops will be continued in 1976 so that all interested townspeople will have a chance to participate in CPR and emergency medical sessions.

The Service has a mutual aid agreement with Amherst and Wilton-Lyndeboro. Equipment includes two 1974 Chevrolet Vanguard ambulances adequately equipped.

Calls for 1975 are listed herewith.

#### *Manual Force*

A Chief and two Deputy Chiefs make up the Board of Firewards. There are four Captains and four Lieutenants and thirty-six firemen making a total of 47 men.

This was an eventful year for the Milford Fire Department and the Town of Milford when after occupying the quarters in the basement of the Town Hall for many years the Department moved into the new station located on School Street. This move was made in February of 1975. The new six-bay station with its offices, meeting and utility rooms, parking area and apron area in front of the building are proving to be very useful, functional and well planned addition to the Town buildings. The building was officially dedicated on July 27, 1975 during the Town's Bicentennial Celebration. The Department takes this opportunity to thank the members of this Committee and previous committees who gave unselfishly of their time and effort to the final construction of this building. We extend an invitation to the Townspeople to stop by and see their fire station.

We call attention to our townspeople that to report a fire by telephone you dial 673-3131. A sticker with this number is available from the Department. We continue to stress the part that good housekeeping plays in Fire Prevention, and suggest that people look over their hallways, cellars, living areas and garages for any possible fire dangers. We would suggest that every home should have a small fire extinguisher, a 2½ or 5 lb. ABC Dry Powder type is recommended. One should not hesitate to call the Fire Department as soon as possible in the event of a fire, bearing in mind that saving of a life is the most important and saving of property and stopping the spread of fire is secondary. We stress the fact that once outside the building, do not attempt to return for belongings.

The Fire Prevention Team has continued to provide an important phase in the Department's inspection program and also to the distribution of Fire Prevention material to homes and apartment complexes.

To the local businesses and industries we thank you for allowing your employees to leave work to answer the alarms. We also thank the Police, Public Works and all other Departments for their help. Most of all we thank the men of the Fire Department for their continued interest and cooperation in making the Department what it is today .

DOMINIC CALVETTI, Chief  
ROBERT KENDALL, Deputy Chief  
JOHN McENTEE, Deputy Chief

## *Milford Fire Station Building Committee*

Three years ago members of the Milford Fire Department sat at a meeting and discussed new fire station proposals. Having seen previous Town appointed committee's proposals defeated, a committee of firemen was formed to begin anew to develop a proposal to be presented at the 1974 Town Meeting.

Once a building plan had been formulated, Donald Wheeler, a building contractor from Bedford, donated his services for cost estimates. The \$168,000 dollar figure for the station was presented to the townspeople with great trepidation. Surprisingly few questions were raised, and the proposal was overwhelmingly approved.

After Town Meeting, the committee contacted and subsequently hired Thomas Johnson of Milford as the project architect. After many meetings and decisions the plans were put out for bids. Greenville Construction Co., of Milford, low bidder, began construction in August, 1974. In February of 1975 the Milford Fire Department moved into its new quarters which were completed in March of 1975. Dedication ceremonies were held on July 27, 1975.

At this time all bills have been paid and the committee is gratified to report that of the \$168,000 allocated, only \$159,953.17 was spent. We are proud to serve the Town and Department and of this Station. It is not a perfect building and we believe there is no perfect building, but it is functional and designed for the future.

## *Forest Fire Warden*

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a.m. and 5 p.m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

## *Police Department*

Your Police Department experienced another busy year in 1975, sharing the national problem of a rising crime rate. Our work load increased 11% over the preceding year. In addition to our normal duties, our capabilities were further tested by the extra load placed upon us with the Bicentennial activities and the Presidential visit.

The number of serious crimes increased 43%. This included an increase in burglaries from 71 in 1974 to 115 in 1975 and an increase in thefts from 192 in 1974 to 291 in 1975. These areas and the overall crime rate can be controlled with adequate numbers of personnel performing the patrol function. An attempt to improve this situation is reflected in the budget being proposed for 1976.

The one area of improvement during the year was a reduction by almost 26% in the number of accidents investigated by the department.

Of particular concern to this department is the continuing increase in vandalism. The number of cases has more than doubled since 1972. This problem is one which can be remedied at no cost to the taxpayer. Alert citizens who observe these acts have only to call us immediately and a part of the problem will be solved through rapid apprehension of the perpetrators. The remainder of the solution is a matter of parental supervision. Again, there is no cost involved in observing a simple, time-proven rule: PARENTS – KNOW WHERE YOUR CHILDREN ARE!

In conclusion, I wish to thank the Board of Selectmen, department heads and town employees for their cooperation throughout the year. I especially want to thank the members of the Milford Police Department for their efforts and dedication toward providing Milford with efficient police service at a minimum of cost.

# WADLEIGH MEMORIAL LIBRARY

## *Report of Librarian*

Not long ago the library celebrated its centennial. Throughout its history, the library has evidenced a sure and steady growth. This year, 1975, was no exception. The collection now numbers close to 30,000 volumes, registration was up more than 20% over 1974, circulation increased by 1,800, and attendance was very strong. These figures are very encouraging and reflect an important fact: that for a great many people in Milford the library is an important community resource. It can and does provide needed services, both recreational and educational and can and does serve a wide spectrum of the population.

Children are among the library's most important patrons and the children's programs continue to be well supported. About 75 school-aged children participated in the Summer Reading Program, which featured a Bicentennial theme. Small pets (gerbils, hamsters, guinea pigs) were awarded as prizes. A summer program for pre-schoolers was held this year for the first time and had well over 100 participants.

Story Time remains a very popular library program. It was again necessary to give two sessions per week to accommodate the number (an average of 40) of 3-5 year olds who attended. Filmstrips, records, and tapes, as well as picture books were incorporated into the program. The library would like to thank the many volunteers who have assisted with Story Time and helped make it such a success.

Several classes visited the library, some on a regular basis. The library would like to encourage such visits and hopes next year that more classroom visits will be realized.

The Hillstown Cooperative entered its fourth year of operation. This joint venture of 11 neighboring communities has proved to be a most worthwhile enterprise. By buying books as a unit we smaller libraries are afforded a substantially larger discount than we would receive individually. We can pool our resources, too. What one library has that another does not, can be easily and quickly borrowed. The Coop also sponsors valuable programs for member librarians. All of this adds up to increased service for our patrons. (In addition to the libraries in the Hillstown Cooperative, Wadleigh Memorial Library

also borrowed books on interlibrary loan through the State Library and from the Nashua Public Library.)

The library is extremely grateful to the many, many people in Milford who have given their support to us. We've had many, generous gifts of books, time, money and effort. We'd especially like to acknowledge the work of the Rebekahs who, again this year, transported books for the homes; and to thank Mrs. Hagar for her unstinting efforts on our behalf. I personally would like to thank the staff for its hard work and cooperation, the Board of Trustees and the Book Selection Committee for all their work, and the many patrons and citizens of Milford who have so kindly welcomed me.

Respectfully submitted,

ANNA KJOSS, Librarian

## *Library Trustees*

The library from year to year provides the reading and listening public as many services as public funds and private endowment allow. Each year the book budget comes under close scrutiny by the trustees, the budget committee and the general public. So far the book budget has not kept pace with rising costs and increased circulation. Since the provision of books to the reading public is the main function and heart of the library, it seems to us imperative that an adequate book budget be passed. We are bound by our trust to face the problem positively.

There has been a change in the administration of the library. Anna Kjoss took on the duties of head librarian in November.

We are grateful to our former librarian, Anne Abbey, particularly for her work in getting the Hillstown Cooperative going and for helping to provide a delivery service between the libraries in this area.

We welcome Anna Kjoss to her new post and we hope the public will get to know our capable and fine new librarian.

We thank the staff for their trust and cooperation over the past year.

The Book Selection Committee and the dedicated mothers who help with Story Hour have done a fine job.

Further we welcome new and old friends who might have constructive criticism and suggestions and ideas for an even better library.

SUSANNE F. HOLCOMBE, Chairman

KATHERINE HARDWICK, Secretary

## *Public Welfare*

During the year 1975 there were 51 cases on direct relief, representing a total of 136 people. There were eighteen cases refused that were not eligible. Three of the 51 cases were court orders issued by the Court making the Town of Milford responsible for juveniles placed in foster homes or schools. The cost to the town for these three juveniles was \$5,162.14.

Appropriation: \$18,000 00

Expenses:

Food	\$5,265 31
Medical	1,025 68
Board	5,070 15
Rent	8,280 60

**Note 1 to Trustees' Report —**

In the year 1970, the Common Trust Funds received a dividend of 9 shares of the Manchester Corporation on their deposit of unexpended income in the former Manchester Savings Bank. This deposit represented unexpended income of the Cemetery Trust Funds. Also received was a dividend of 34 shares of the same corporation on a deposit of principal funds in the same bank. No values have been assigned to these shares.

During the year 1973, the Trust Funds received an additional 43 shares as a result of a 2 for 1 stock split. In 1974, the name of the corporation was changed to The First Financial Group of N.H. Inc.

## *Planning Board*

The Planning Board has continued its work on the Master Plan.

Part of the Master Plan covered traffic flow and the parking situation in the downtown area. The Nashua Regional Planning Commission was requested to come up with a study which was presented to the town at a hearing open to the public on May 28, 1975. This hearing had an attendance of less than thirty people. Based on the opposition received, this portion of the plan was dropped. We were then advised that the business men were meeting to form an active group to study further the downtown phase.

The next area to consider was up-dating the zoning regulations and the re-zoning of some areas which had been brought to our attention by the selectmen, the building inspector and the town counsel. The reason for these changes was to eliminate the guesswork by all concerned in interpreting the regulations. Many hours were spent to attain a final package to present to the town at two special hearings as required prior to being put on the ballot for voting.

We would like to point out that these amendments or proposed changes are recommendations based on information given to us. We feel that changes are brought about only for the express purpose of orderly growth and to promote health, safety, morals and general welfare for all.

The Planning Board wishes to thank everyone for their continued interest in making the Master Plan possible.

ROLAND J. RIVARD, Chairman

## *Milford Conservation Commission*

The principal effort of the Conservation Commission in 1975 was the development of the new park on South Street, next to Railroad Pond.

The town's Bicentennial Commission worked with us, and we received a \$1,000 grant from the state Bicentennial Commission. It seemed appropriate to name it "Bicentennial Park – 1975." The park is nearly three acres in size, with frontage on South Street. It adjoins the B & M railroad tracks, and is bordered on two sides by Railroad Pond.

The first step was to remove an old building foundation and clean up debris such as boulders and tree stumps. The goal was to provide access to Railroad Pond, both physically and visually, with a pleasant lawn area set off by suitable trees and shrubs.

It was not easy to turn the rock-like soil into a greensward, but it was accomplished with roto-tilling, good loam, fertilizers and tender loving care. Numerous flowering crab trees were planted along the railroad tracks, a heavy rail fence was erected along the opposite side and lilacs, the state flower, were placed near the fence. At this location also, a pin oak about 15 feet high was planted.

Near the South Street edge, several large granite boulders, native to Milford, were placed in a grass and shrub setting. A flagpole was installed nearby, the gift of the American Legion, Veterans of Foreign Wars and Knights of Columbus. Yankee Flagpoles of Milford provided the pole, installation and flag at cost. The name of the park was cut in one of the granite boulders by William Medlyn of Medlyn Monument Company at no cost to the Commission.

While developing the park, the Commission took the opportunity to install a "dry" hydrant at South Street, with underwater connection to the pond, as an aid to the fire department.

A granite retaining wall was built at the edge of the pond near the railroad trestle. This will be enlarged in future to provide an area for fishermen, and possibly a boat landing. Two heavy-duty park benches have been installed at the west end of the park, contributed by the Milford Lions and Milford Rotary Club. The west end will receive more attention in 1976, with more trees to be planted and grass to be improved.

The new park was dedicated during Milford's Bicentennial Celebration in July, with brief ceremonies and a flag raising.

For the summer months, the Commission hired a young man, Ronald Spalthoff, under a cooperative program with the University of New Hampshire. The Commission paid 20 percent of his salary, and the UNH program paid the balance. It was a most rewarding program for the town and one the Commission hopes to continue in the years ahead.

Ron turned out to be a very hard worker with initiative and imagination. He undertook numerous projects and handled each one admirably. He cleared brush and debris at the new park, built and installed the new benches, planted shrubs, cleared brush and debris at Hartshorn's Pond where he also opened up the area by the foundation of an old ice house. This will be developed further.

To show the diversity of Ron's work, he also helped Bob Breck with surveying of the town's land at Savage Farm. Ron completed a detailed report of his own activities, as a guideline for the Commission in years ahead, and he made an inventory of land the town owns. His efforts for the town were of great value, hardly measured by the pay he received.

In an effort to improve the looks of Union Square, the Commission installed planter boxes in the intersections near the bridge and near the liquor store. Ron Spalthoff did the construction work and Woodman's Inc. provided soil and plants at no cost to the town. Several fire hydrants were decorated in the Square in keeping with the Bicentennial observance.

In brief, some other activities included:

- Commission comments on the by-pass highway, regarding effect on the environment;

- Commission members attending meetings at regional and state level;

- a public meeting held at Jacques School to consider plans for recycling waste materials;

- \$100 for new trees for local home owners;

- sponsored two young people, Jennifer Williams and Geoffrey Johnson, to Spruce Pond Conservation Camp in June;

- received detailed soil study maps from Soil Conservation Service.

At year's end it was expected that the Commission would receive

a deed for the area of Hartshorn's Pond being given by the Wilkins family. Problems with determining bounds have so far held up the transfer.

The Commission, aided by Bob Breck, is looking forward to the gift of land and a waterfall on Tucker Brook from the Burns family.

When William Kokko retired as chairman, members arranged a "thank you" party for his fine work over many years. He continues as treasurer.

WILLIAM FERGUSON, Chairman

# FINANCIAL STATEMENT For Year ending December 31, 1975

Beginning Balance:	\$1,868 56
--------------------	------------

## Revenue:

Town Appropriation	\$1,000 00
Interest Income	110 95
Kaley Fund	2,000 00
Bicentennial Commission	1,000 00
Other	300 00

Total Income	----- \$4,410 95

Savings Account	147 95
Town Appropriation in transit	1,000 00

-----	\$1,705 74
-------	------------

## *Town History*

Four final chapters remain to be written for the new Town History. Two of these are partially done. Genealogies are two thirds done but will need considerable time spent on them. Mrs. Edith Hunter has edited the chapters and they are all typed ready for print. It is to be hoped that we will be able to ask for an appropriation at the 1977 Town Meeting.

WINIFRED WRIGHT, Chairman  
JOHN SARGENT, Treasurer  
ALBERTA HAGAR  
ANDREW ROTHOVIVS

Miscellaneous	140 77	
Cost of Celebration	-----	31,208 13
Returned to Town of Milford		
Partial payment of over-expenditure		3,500 00
		-----
		34,708 13
		-----
Balance on Hand Jan. 1, 1976		\$ 2,192 00

The present balance on hand would cover the balance of \$1,669.63 of our overexpenditure of the Town Appropriation.

We are holding this sum in anticipation of the cost of the Bicentennial Souvenir Book which is being published.

Sale of this book should pay off the remaining deficit.

## *Bicentennial Celebration*

A complete report of the Bicentennial Celebration would take far more space than the Town Report would permit.

I wish to express my sincere appreciation to the General Committee and all of those whose hours of effort made the celebration the success that it was.

Our initial estimate of budget costs were in many cases far too conservative and the various committees did a magnificent job of carrying out their programs with the money allotted to them.

A major disappointment was in the poor response to the sale of the Bicentennial Bells. While realizing that a higher cost than we had projected plus the recession would affect sales to a degree, we still feel that we offered a unique commemorative piece to the public. Further sale of the remaining bells will of course reduce substantially the cost of the observance to the Town of Milford.

One cannot single out everyone who worked on the Bicentennial for individual recognition but my special thanks go to Robert Philbrick and the Parade Committee, to Caroline Jowders and the Pageant Committee, to Bissonette Signs for the Historical Markers, to the Boy Scouts for their signs, to the volunteers who manned the Bicentennial Center, to Robert Kerr, Richard Piper and Robert Kendall who for three days were everywhere at the right time, and to all of the organizations and individuals whose collective efforts made it all possible.

Especially do I thank the people of Milford whose enthusiasm, support and cooperation during the Bicentennial made the long months of planning worthwhile.

We gave you a celebration—You gave us a reaffirmation of pride in our God, our Country and our Community that we will never forget.

LESTER R. PERHAM, Chairman

## *Bicentennial Observance*

Milford was one of the first towns to mark our country's birth with a four day Bicentennial Observance from July 23 to July 27, 1975.

Special shows at the new Festival Theatre started the celebration on Wednesday. The next day there was a church fiesta, an historical slide show and selection of the Bicentennial Queen, with Kathy Keskinen winning this honor.

Friday began three days of tours of the famous Paul Revere bell in the clock tower of the Town Hall. The Historical Society's rooms held Open House. A band concert sounded forth from the bandstand in Union Square. And a Youth Dance was held at the high school.

Saturday was the "big day" with a gigantic parade beginning promptly at 10. Scores of floats and marching units took part. Bright sun and delightful temperatures prevailed to make a perfect setting for one of the most spectacular events in Milford's history. Estimates of crowd size ran as high as 20,000. Later in the day there was a fireman's old-time muster, a concert on the bandstand by the 39th Army band, a baseball game, helicopter rides, ten mile bike race, variety acts on the bandstand and in the evening, the Bicentennial ball.

Sunday afternoon found crowds gathered again for a field day at Keyes Field. The new Bicentennial Park was dedicated, the town's new fire station was also dedicated. A banjo band played on the bandstand and later, a Dixieland band. A special vesper service, with participants from local churches, was held at St. Patrick's church.

The fine weather continued through the evening for a colorful fireworks display which concluded the four day celebration.

# *Synopsis of Town Meeting*

*March 4, 1975*

Town Meeting for election of Officers and School Meeting for election of Officers opened at 2:00 o'clock in the afternoon by the reading of the Town Warrant by Town Moderator Robert Philbrick and School Warrant by School Moderator Charles Ferguson, Jr. Motion to close polls at 8:00 o'clock P.M. made by Henry Destroismaison, seconded by Harold Gaffney and so voted. Election officers present: Moderator, Robert Philbrick; Assistant Moderator, Bart Prestipino; School Moderator, Charles Ferguson, Jr.; Town Clerk, Scott E. Gangloff; Supervisors of the Checklists, John Farwell, M. Jeanne Fischer and Edward Thane; Ballot Clerks, Hazel Adams, Flora Doucet, Hildegard Frost, Norma Pelchat, Florence Morell, and Catherine Richardson.

Moderator Robert Philbrick opened the business meeting at 6:30 o'clock P.M. Present for the meeting were the Board of Selectmen, Charles P. Hayward, Chairman, Walter F. Putnam, and Frederic H. Fletcher; Superintendent of Public Works, Robert E. Courage; Deputy Town Clerk, Mrs. Lura H. Seavey; and Chairman of the Budget Committee, Kenneth Boynton.

First Voters: Woman, Gail Belanger; Man, Orlo Allen.

Last Voter: Jane Mason.

Moderator, Robert Philbrick, asked the assembly to rise and remain standing for three functions:

1. Presentation of colors by Kenneth McGettigan, Kevin McGettigan, William Andrews, Stephen Clermont, Boy Scouts from Milford Troop 4, under the direction of Scoutmaster Robert Willette.

2. The invocation by Louis A. Soucey, Associate Pastor, St. Patrick's Church.

3. A moment of silent prayer for a very illustrious citizen, Leon J. Jacques.

Moderator, Mr. Philbrick, read a telegram he received this day from a long time moderator of Milford, now of California. He said this was the first town meeting he had missed in 24 years, and offered the following tribal wisdom:

1. A Ballot vote takes thirty minutes.
2. All members of the Jaycees can count.
3. People voting No shout louder than those who vote Yes.

It was signed Best Wishes, and Good Luck,

Dave and Milti Hoadley

Moderator Mr. Philbrick announced the polls would stay open until 8:00 o'clock P.M.

Moderator Mr. Philbrick announced the following ground rules for the meeting: Citizens wishing to vote should be identified as

wearing a blue sticker. No person without a tag can vote, or address the meeting. The Milford High School Audio Visual Center with the following boys: Chris Belden, George Godin, David Wheeler, Keith Taylor, Wallace Bruce, Edward Hardy, will handle the speaker system under the direction of Mr. Raymond Smith. Persons desiring to speak must use the speaker, and give their name. The Chair will accept recommendations of the Budget Committee to be voted on unless substitute motions are offered. Figures will not be read across the budget — only appropriations requested. Mr. Philbrick hoped, and expected to be able to complete this meeting tonight. If at 11:00 o'clock P.M. there remain enough substantial articles to be acted on, will recess until 7:00 o'clock P.M., March 5, 1975. Moderator Philbrick stated we have a shorter Warrant than in past years.

ARTICLE 1. This article taken up by ballot.

ARTICLE 2. Action under the budget.

ARTICLE 3. Ernest Barrett: Said he noticed there was no auditors' report in the town report this year.

Chairman Hayward: Stated that the auditing was done.

Margaret McCormack, town auditor: Remarked it was not included in the town report as there was not time to meet the deadline, and the audit had been completed in all departments, and they were in compliance with State requirements.

Ernest Barrett: Remarked the school have a professional audit, and they point out ways which help.

Budget Committee, Chr. Boynton: Said they had no time to consider this — would rather it would be a warrant article another year, so they can make a final recommendation at that time.

Chr. Hayward: Said he would approve waiting until next year, and the board will put an article in the warrant next year.

Margaret McCormack: Stated the town auditors are in favor of hiring professional auditors.

Ernest Barrett moved, and it was seconded by Barbara Parry, and adopted, to accept the reports of all Town Officers, Agents and Committees, and raise and appropriate the sum of \$3,000.00 to have an individual audit made of the Town of Milford for the calendar year 1975.

The Chair was not sure on the voice vote, and called for a division. In Favor 115; Against 100.

Moderator Mr. Philbrick declared it adopted.

ARTICLE 4. Kenneth Boynton, Budget Committee Chairman, moved, and it was seconded by Chr. Hayward, and voted in the affirmative, that the Selectmen be authorized to borrow money in anticipation of taxes, if necessary, as provided by the law of 1907.

No discussion.

ARTICLE 5. Moderator Robert Philbrick: Announced we are working on recommendations of the Budget Committee and any person wishing can make a substitute motion.

**\$9,650.00 — Town Officers' Salaries**

On recommendation of the Budget Committee, voted unanimously.

The Budget Committee recommended this budget be reduced from \$10,050.00 by \$400.00. They did not feel that the Treasurer's salary should be raised to \$1,000.00. This would be higher than the salary of a selectman whose duties and responsibilities are greater.

**\$28,636.60 — Town Office Expense**

On recommendation of the Budget Committee, voted unanimously.

Kenneth Boynton, Budget Committee Chairman: Explained that this cost increase is in salary for town office personnel, and extra help needed by ambulance service. The Budget Committee suggested that in future years, the portion of the payroll devoted to Ambulance Service be allocated to that account. A significant portion of the extra help needed in the Selectmen's Office is due to the accounting needs of the Ambulance Service, and should be shown as such. This would allow them to properly evaluate the costs of this service.

**\$1,800.00 — Election and Registration**

On recommendation of the Budget Committee voted unanimously.

Question: Why does this appear with no election?

Moderator Mr. Philbrick: Replied there is the town election every year.

Mr. Boynton, Budget Committee Chairman: Explained there was an extra \$200.00 in this item for the Wyman-Durkin recount, if necessary.

**\$29,825.00 — District Court Expenses**

On recommendation of the Budget Committee voted unanimously.

No discussion.

**\$21,200.00 — Town Hall & Other Town Buildings**

On recommendation of the Budget Committee voted unanimously.

Question: What are other buildings?

Chr. Hayward: Replied the town garage is the big item.

C. Worcester: Is the new fire station in this figure?

Chr. Hayward: Replied that the operation of that building is in the fire department item.

**\$5,900.00 — Police Pension**

On recommendation of the Budget Committee and voted.

No discussion.

**\$16,700.00 — Employees' Retirement and Social Security**

On recommendation of the Budget Committee and voted unanimously.

No discussion.

**\$26,200.00 — Public Works Administration**

On recommendation of the Budget Committee voted unanimously.

E. Barrett: Asked for brief preview of the salary increase.

Mr. Boynton, Budget Committee Chairman: Explained that throughout the public works there was a 5% salary increase.

Citizen: Does he have sufficient staff to carry out his responsibilities?

Supt. Courage: Replied he has two girls in the office, and feels this is adequate at this time.

#### **\$5,000.00 — Appraisal**

On recommendation of the Budget Committee and voted.

Question: Who does the appraisal?

Chr. Hayward: Replied members of the State Revenue Administration Department, Concord, N. H.

#### **\$119,062.92 — Police Department**

On recommendation of the Budget Committee and voted.

Budget Committee Chairman, Mr. Boynton: Explained that they recommended all income earned from special duties performed by the Police Department personnel working outside of their normal duties be paid directly to the Town of Milford, and that the personnel be reimbursed directly by the town.

Budget Committee Chairman, Kenneth Boynton: Explained that an increase was for duties performed by officers outside of town duties. In order to carry this out it would be necessary to vote the amount of money normally handled in this budget and will have to show this item in income (\$2,500.00 additional).

R. Potter: Remarked he felt this was not looked into satisfactorily.

Police Chief Williams: Explained that this was based on a suit in Manchester where men were not covered with insurance. He said there is a cost to the town but this will be billed to the organization hiring them.

E. Barrett: Remarked he felt this should be controlled by the town — the organization should pay the town, and we in turn pay the officer.

P. Karavas, Budget Committee Member: This is a direct wash off item in the town. The officer will be paid immediately for his work.

R. Potter: Remarked he felt it would cost the town more money.

Charles Worcester, Insurance Representative: Explained the only benefit to the town the police department feels the town is the employer, with no liability to the party hiring him. Who wants to be responsible for this officer, and any injury to him? He felt it is far more logical to have him come under the policy of the town.

Moderator, Mr. Philbrick: Asked the assembly if they wished to continue to discuss the matter, or vote on the question?

E. Barrett: Remarked if we question this item we would not get an explanation of the budget.

Moderator, Mr. Philbrick: Declared it Not Voted.

Selectman Mr. Fletcher: Stated we are overlooking one very pertinent fact. A police officer is only so because the town has made him

an officer. He has an appointment from the Board, and any duty assigned to him the town is fully responsible.

Police Chief Williams: Said Nashua Police Department does this, and make money on it.

E. Barrett: Asked what are we doing for our department in terms of salaries?

K. Boynton: Replied we worked to get wages up to be comparable in the area.

Moderator Robert Philbrick: Announced that the hour was 8:00 o'clock P.M., and asked if all those had voted that wished to vote. He declared the polls closed, and called on tellers to report to Mr. Prestipino on the stage.

Harold Gaffney made motion, and it was seconded, and voted in the negative that the monies presently included in the Police Department Budget for purchase of new uniforms, or replacement of existing uniforms, be so allocated that all purchases will be made directly by each officer. An approved supplier shall be designated by the Board of Selectmen, and each officer will receive a credit, which is presently \$150.00 per regular officer, against which he may purchase uniform items of an approved style.

Police Chief Williams: Remarked as a taxpayer he did not want to hand him \$150.00 tomorrow morning. We have got to have controls on these items. He said the men are outfitted in good shape.

#### **\$31,900.00 — Fire Department**

On recommendation of the Budget Committee voted unanimously.

No discussion.

#### **\$18,681.00 — Group Health Insurance**

Recommended by the Budget Committee voted unanimously.

No discussion.

Insurance: An amendment made by Robert Potter, and seconded by Robert Willette, and voted the insurance program be put out for bid.

E. Barrett: Asked if this was the insurance on other line item, or fleet insurance?

Moderator Mr. Philbrick: Replied just this line item.

C. Worcester: Stated we will have to draw up specifications — should appropriate some money.

R. Potter: Said it is not necessary to hire experts.

Chairman Mr. Hayward: Remarked we do not have specifications available to go out for bid at the present time.

N. O'Rourke: Asked if anyone had the cost to draw up specifications?

Chairman Mr. Hayward: Replied the Board have no estimates.

#### **\$17,000.00 — Insurance**

On recommendation of the Budget Committee and voted unanimously.

The budget committee suggested that the Board of Selectmen

and the Milford School Board jointly review the combined expenditures for insurance for both the town and the school district properties with the objective of obtaining a more economical insurance package.

#### **\$800.00 — Tax Map**

On recommendation of the Budget Committee and voted unanimously.

No discussion.

Ernest Barrett made a motion, and it was seconded by N. Carmen, and voted unanimously in the negative, that all remaining line items be voted as one as recommended by the budget committee, with the exception of those that the budget committee had reduced, or changed, in order to speed up the meeting.

Moderator, Mr. Philbrick: Said the Selectmen have items they wish to discuss.

Selectman Fletcher: Stated we do not have the power to prohibit discussion on items. The people have the right to discuss anything they want to discuss.

Chairman Hayward: Remarked he hoped the people would go down this budget line by line, and spend a little more time if we have to.

Mr. Philbrick, Moderator: Said he feels this is the traditional manner.

#### **\$1,000.00 — Damages and Legal Expense**

Recommended by the Budget Committee voted unanimously.

No discussion.

Civil Defense: E. Barrett made an amendment, and it was seconded, and voted in the negative, \$1.00 for Civil Defense.

Chairman Charles Hayward made a substitute motion, and it was seconded by Selectman Putnam, and voted.

#### **\$500.00 — Civil Defense**

The Budget Committee felt that the town is not receiving any benefit by maintaining this unit. In times of emergency, the skills of the Police Department, Fire Department and Ambulance Service, should be adequate.

K. Boynton, Budget Committee Chairman: Said they had not talked with the attorney general, but did talk with Mr. Moses, Assistant State Director, and he said we must have a basic plan filed with the State, and we do not have one filed.

Selectman Mr. Fletcher: Stated he is the Civil Defense Director, and he had a letter from Mr. Moses, Deputy Director, dated March 3, 1975. Mr. Fletcher said we have a plan — there is a generator in the town hall which could be used to provide heat, and lights, and that would be the only place that older people and children can be sure of heat and lights. He felt if we are going to be eligible for funds from the federal government, we cannot agree with the budget committee to eliminate civil defense.

**\$750.00 — Planning Board**

Recommended by the Budget Committee voted unanimously.

The budget committee felt this would allow sufficient funds to pay for the Zoning Ordinance Booklets which have already been printed.

**\$1,800.00 — Health Department**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$200.00 — Vital Statistics**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$9,442.14 — Ambulance Service**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$4,500.00 — Sewer Maintenance**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$35,400.00 — Town Dump**

Recommended by the Budget Committee voted unanimously.

No discussion.

**GARBAGE REMOVAL:**

Andrew Rothovius made a substitute motion, and it was seconded, and voted in the negative, to restore the garbage removal appropriation to \$6,100.00.

On the budget committee recommendation it was voted unanimously.

**\$1,500.00 — Garbage Removal**

The budget committee recommended that the garbage removal service be discontinued. This amount allows for the continuation of of the service until March 31, 1975. Their reasons for this recommendation were two-fold: First, the sanitary landfill dump permits the disposal of both trash and garbage, which makes it unnecessary to continue a separate service. Second, they felt that the present service was discriminatory since the routes that are served do not cover the entire town.

R. Kincaid: Asked how long is the present dump going to be usable?

Supt. Courage: Replied would say four or five years.

**\$45,200.00 — Highway Maintenance**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$56,200.00 — Snow Removal**

Recommended by the Budget Committee voted unanimously.

No discussion.

**\$25,500.00 — Street Lighting**

Recommended by the budget committee voted unanimously.

Chr. Hayward: Explained this is an increase in electric rates — no extra lights.

**\$3,800.00 — Building Inspection**

Recommended by the budget committee voted unanimously.

D. Richardson: Asked if this account is reimbursed?

Supt. Courage: Replied \$3,150.00 was received for income last year.

**\$33,200.00 — Oiling**

Recommended by the budget committee voted unanimously.

No discussion.

**\$1,188.02 — Town Road Aid, "Apportionment A"**

Recommended by the budget committee.

No discussion.

**LIBRARIES:**

James D'Amato, library trustee, made a substitute motion, and it was seconded, and voted.

**\$29,021.62 — Libraries**

Moderator Robert Philbrick: Called for a division. Favor 194; Against 74.

K. Boynton, Budget Committee Chairman: Said the budget committee feel the book account is still not monitored closely enough, as reflected by over-expenditures in the last two years. They also felt that the intercom system is not necessary this year nor is it vital that the locks be changed. They also felt that the mileage allowance in the Library Education account should not be increased.

They also recommended that the total library budget be shown on future Town Budgets. Currently, only the town appropriation is shown. To this should be added the Trust Fund and other income so that all revenues attributable to the library are clearly indicated.

**\$18,000.00 — Town Poor**

Recommended by the budget committee voted unanimously.

No discussion.

**\$25,000.00 — Old Age Assistance**

Recommended by the budget committee voted unanimously.

No discussion.

**\$1,000.00 — Memorial Day**

Recommended by the budget committee voted unanimously.

No discussion.

**\$26,300.00 — Parks & Playgrounds**

Recommended by the budget committee voted unanimously.

No discussion.

**\$13,620.00 — Hydrant Rental**

Recommended by the budget committee voted unanimously.

No discussion.

**\$180.00 — Wilton Water Works**

Recommended by the budget committee voted unanimously.

No discussion.

**\$6,000.00 — Cemeteries**

Recommended by the budget committee voted unanimously.

No discussion.

**\$33,026.76 — Communications Center**

Recommended by the budget committee voted unanimously.  
No discussion.

**\$53,400.00 — Principal & Long Term Notes & Bonds**

Recommended by the budget committee voted unanimously.  
No discussion.

**\$15,564.64 — Interest — Long Term Notes & Bonds**

Recommended by the budget committee voted unanimously.  
No discussion.

**\$10,000.00 — Interest on Temporary Loans**

Recommended by the budget committee voted unanimously.

Chairman Hayward: Remarked we had \$8,501.35 income last year to offset the amount.

**\$4,300.00 — Sidewalk Construction**

Recommended by the budget committee voted unanimously.  
No discussion.

**COUNTY TAXES:**

Chairman Hayward moved, and it was seconded by Selectman Putnam, that the amount of money be raised, and appropriated, that is needed to pay the County Taxes.

R. Potter made a motion, and it was seconded, and voted unanimously, that the Town of Milford is vigorously opposed to paying the County Tax.

Chr. Hayward: Remarked they have always opposed paying this tax, and do not pay it until the last day they have to.

ARTICLE 6. Beano voted by ballot. Yes 823; No 254.

ARTICLE 7. On recommendation of the budget committee, and seconded, it was voted unanimously to raise and appropriate the sum of \$3,000.00 for contribution to the Nashua Community Council Mental Health Clinic.

ARTICLE 8. On recommendation of the budget committee, and seconded, it was voted unanimously to raise and appropriate the sum of \$1,000.00 for the Conservation Commission to continue its work.

ARTICLE 9. The Budget Committee recommended and it was seconded and voted unanimously to raise and appropriate the sum of \$14,000.00 to underwrite the cost of the Milford American Revolution Bicentennial Celebration.

Lester Perham, Chairman of the Bicentennial Committee: Stated that the proposed budget as of now is \$21,000.00. They have received \$2,000.00 from the Keyes Fund and \$2,500.00 from the Kaley Fund, and \$750.00 each from the American Legion and Veterans of Foreign Wars.

A commemorative piece, which will be a reproduction casting of the Revere Bell in the Town Hall is being cast by the Hitchiner Manufacturing Company, and will be mounted on a granite slab from Baretto Granite Co., and will be sold at a profit. There will be something going on in Milford, Wednesday night, July 23rd, through

Sunday night, July 27th. Mr. Perham remarked a large portion of this money he hopes can be returned to the Selectmen when the celebration is over.

ARTICLE 10. The Budget Committee recommended, and it was seconded, and voted to raise and appropriate the sum of \$5,000.00 to be paid into the capital reserve fund authorized for the purpose of financing the acquisition of fire truck and the equipping thereof.

Chairman Hayward: Said there is \$10,000.00 in reserve, and it will require a vote of the town to use this money.

ARTICLE 11. On recommendation of the Budget Committee, and seconded, it was voted unanimously to designate the following roads as scenic under the provisions of RSA 253:17 and 18, for the purpose of protecting and enhancing the scenic beauty of Milford:

**Ponemah Hill Road**

From intersection at 101-A to Amherst Town Line.

**Osgood Road**

From intersection at Melendy Road to intersection at Young Road.

**McGettigan Road**

From intersection at Mason Road to Wilton Town Line.

**Joslin Road**

From intersection at Jennison Road to Amherst Town Line.

**Savage Road**

From intersection at Phelan Road to Wilton Town Line.

ARTICLE 12. The Budget Committee recommended, and it was seconded, and voted unanimously that \$1,300.00 be raised and appropriated to paint or panel only the stairwell portion of the library.

The Budget Committee recognized that the entire inside of the library has not been painted for many years. They felt that this work should be scheduled over a two or three year period.

ARTICLE 13. On recommendation of the Budget Committee, and seconded, it was voted in the negative to raise and appropriate the sum of \$500.00 for general grading and site work at the Hilton Homes Area Park.

The Budget Committee felt that this land is not adequate for a park or playground area, and felt that the town should not expend money for its development.

Chairman Hayward: Explained when Hilton Homes was developed there were four house lots which were deeded to the town. He felt the land can be used. Roads were started, which means there are holes and stumps there, and there is a section which is woods.

Mr. McMahon, Member of the Jaycees: Said they are working on this park.

ARTICLE 14. On recommendation of the Budget Committee, and seconded, it was voted unanimously to raise and appropriate the sum of \$806.40 to reimburse Gus Santinelli for monies expended in 1973 on Verona Street.

ARTICLE 15. On recommendation of the Budget Committee, and seconded, it was voted to appropriate \$12,500.00 for repairs and

painting the Swinging Bridge, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

ARTICLE 16. Supt. Courage moved the adoption, and it was seconded, and voted in the negative, to raise and appropriate the sum of \$1,650.00 to erect a four foot chain-link fence along the Cherry Street side of the Union Street cemetery.

The Budget Committee understood that the purpose of the fence was to keep vandals out of the cemetery. However, the other three sides do not, in their opinion, offer any better protection and reconstruction of one side would have no benefit.

ARTICLE 17. E. Barrett moved, and it was seconded, and voted in the negative to appropriate \$10,000.00 to make office renovations to the area in the Town Hall building presently occupied by "Louie's Variety Store"; this to be the new location for the Public Works Department and provide additional office space for the Board of Selectmen, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

The Budget Committee did not recommend this article.

See comments under Article 19.

ARTICLE 18. E. Barrett moved, and it was seconded, and voted in the negative to raise and appropriate the sum of \$2,500.00 to make renovations to the vacant store in the Town Hall building formerly occupied by Suburban Propane Co.

L. Gale: Asked what is the intent of the use?

Chr. Hayward: Replied the intent was if \$10,000.00 had been appropriated, Louie would have gone in there.

Selectman Fletcher: Remarked the public works did not need additional room. The Court did want additional room. We had to make some renovations to bring public works next to the selectmen, and also need toilet facilities for the meeting room. Mr. Fletcher stated as far as this Board is concerned we are very happy to go along with what you want.

The Budget Committee did not recommend this article. See comments under Article 19.

ARTICLE 19. E. Barrett moved, and it was seconded, and voted unanimously in the negative to raise and appropriate the sum of \$1,000.00 to renovate and furnish the space presently occupied by the Public Works Department, for offices for the Milford District Court, or to take any other action in respect thereto.

The Budget Committee believe that Articles 17, 18, and 19 must be considered as a unit. Although sympathetic with the need for Article 19, it cannot be approved without the prior approval of Articles 17 and 18. They were not convinced that there is current need for additional space in either Public Works Department or the

Selectmen's Office, and therefore, did not recommend either Article 17 or 18.

The Budget Committee felt there is a need to study the requirements of all the town offices, including Supervisory Union Office, with the goal of consolidating all town government in the Town Hall. As part of that study they suggested that the current policy of renting space to private business be reconsidered. The Budget Committee note that there is a proposal before the state legislature to revise the present municipal court system. If approved the Milford Court would be abolished.

In the interim, relocation of the Public Works Department in the former Suburban Propane Company space might be considered, thereby allowing expansion of the Court into current Public Works Department space.

ARTICLE 20. On recommendation of the Budget Committee, and seconded, it was voted unanimously to appropriate \$2,250.00 to purchase two snow plows; old plows to be traded, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

No discussion.

ARTICLE 21. On recommendation of the Budget Committee, and seconded, it was voted unanimously to appropriate \$3,437.41 to purchase a new one-ton Dump Truck, a 1970 International Dump Truck to be traded, and authorize the withdrawal of the amount required for this purpose from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972.

No discussion.

ARTICLE 22. The Budget Committee recommended, and it was seconded, and voted unanimously to raise and appropriate the sum of \$800.00 to purchase two new mobile radio units for the Public Works Department.

The Budget Committee felt that the two older units in service could be used for one more year.

Supt. Courage: Stated there would be no problem going along with the budget committee's recommendation. He had planned on putting two in the two new trucks, and with the other two starting a replacement program.

ARTICLE 23. On recommendation of the Budget Committee, and seconded, it was voted unanimously to authorize the expenditure of \$3,286.77 from the Water Department to purchase a new one-half ton Pick-up Truck.

No discussion.

ARTICLE 24. Charles Ferguson made a substitute motion, and it was seconded, and voted in the negative, to raise and appropriate the sum of \$2,200.00 to purchase radar for the Police Department. (50% to be reimbursed by the New Hampshire Highway Safety Agency.)

Moderator, Mr. Philbrick: Called for a division.

Favor 132; Against 151.

Declared motion lost.

Charles Ferguson: Felt we should give this to the Police Department.

R. Willette: Is this going to be reimbursed?

Chief Williams: Replied until it is concrete we would not buy it. Would not spend \$2,200.00 and hope to get back \$1,100.00.

The Budget Committee did not feel there was an overriding need for this equipment this year.

R. Potter: If the Chief recommended it — should have it. Feel the town should have it.

Chief Williams: We do not intend to set it up on Route 101. We do not plan to increase the money in Court. Would be out in the area where the cruiser is ineffective clocking the vehicles. Is a tool we need. 1. We need it. 2. How much will it cost?

Chairman Hayward: Selectmen were in accord with this. Have had a lot of complaints of speeders in the streets. The Selectmen will insure that this is not set up on Elm Street. Have got to control speed on our streets.

ARTICLE 25. Roland Rivard, Chr. of Planning Board, made a motion, and it was seconded, and voted in the negative, to direct the Selectmen to submit a request to the Commissioner, New Hampshire Department of Public Works and Highways, to undertake engineering surveys to accurately test the feasibility of traffic and parking improvements around the Oval, the cost of such surveys not to exceed \$2,000.00; and to utilize Town Road Aid "B" Funds available to Milford to finance these surveys; this request to be submitted no later than April 1, 1975.

The Budget Committee felt that before any monies are expended on an engineering survey, that the plans which had been proposed by the Planning Board should be more thoroughly reviewed by the public. They suggested that a series of hearings be held in order to determine whether a majority of townspeople agree with the plan.

ARTICLE 26. Thomas Johnson, Director for Milford, Monadnock Region Association, made a substitute motion, and it was seconded, and voted in the negative to raise and appropriate \$500.00 for the Monadnock Region Association.

On recommendation of the Budget Committee, and seconded, it was voted to pass over this article.

Terry Lorden made a motion, and it was seconded, and voted that the Town of Milford, through its Selectmen, communicate with the appropriate State of New Hampshire agencies, to request re-assignment to the Merrimack Valley Region, rather than the Monadnock Region.

The Budget Committee felt that the activities of the Monadnock Association do not have significant benefit to Milford.

ARTICLE 27. On recommendation of the Budget Committee, and seconded, it was voted to raise and appropriate the sum of \$1,655.00 to participate in the Nashua Regional Planning Commission.

No discussion.

ARTICLE 28. On recommendation of the Budget Committee, and seconded, it was voted unanimously to raise and appropriate the sum of \$4,630.00 Town Road Aid Apportionment "B" matching funds.

No discussion.

ARTICLE 29. R. Kincaid made amendment, and it was seconded, and voted in the negative to use this money (\$8,000.00) to hire a professional architect to make plans for the remodeling the Town Hall, contingent on overall plan for utilization of the Town Hall.

The Budget Committee felt that plans for the remodeling of this area are still under discussion between the Ambulance Service, Police Department and Board of Selectmen. They recommended that these plans be reviewed in conjunction with a study of the overall utilization of Town Hall space for all the town offices, and a comprehensive plan be submitted at a future town meeting.

Selectman Fletcher: Stated we want to do what we can to improve the Town Hall. We have designated quarters to the Ambulance Service. The Police Department have come in with plans. If we have some time we can come up with some plans. We do not need an expert architect. We will discuss this with the Budget Committee. We are sure we can arrive at an amiable solution without a lot of cost.

ARTICLE 30. Chairman Hayward moved and it was seconded, and voted to authorize the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Pollution Control Act as amended (Title 33 of the U.S. Code Section 1251 and following Volume 6 Statute Section 16 and following), and pass any vote relating thereto.

M. Newton: Asked if this pertains to sewer?

Chr. Hayward: Replied, Yes, we have to have a survey made of the inflow/infiltration.

M. Newton: Asked if we are going to apply this money to Step 1?

Chr. Hayward: Replied Step 1 is going to be done.

M. Newton: We should proceed in due haste.

Chr. Hayward: The Board are acting as fast as they can. The engineering firm are working on this.

Selectman Putnam: The inflow/infiltration survey will probably be started this month.

ARTICLE 31. D. Richardson made a motion, and it was seconded, and voted in the negative, that anyone not complying with this, be brought up to standard, and given a minimum of one year's grace.

K. Boynton would like to make a motion to table this article.

Moderator Mr. Philbrick: Has been traditional not to table a motion.

On recommendation of the Budget Committee, and seconded, it was voted to adopt as a Town Ordinance the Fire Prevention Code, 1970 Edition, published by the American Insurance Association (formerly known as the National Board of Fire Underwriters) and to further adopt the Life Safety Code 1973, published by the National Fire Protection Association.

ARTICLE 32. K. Boynton made a substitute motion, and it was seconded, and voted unanimously, to delete \$33,342.14 and increase the figure to \$48,742.14, to include all of the town dump appropriation; and to authorize withdrawal from the Revenue Sharing Fund established under the provisions of the State and Local Assistance Act of 1972 for use as set-offs against budget appropriations in the amount indicated; and further to authorize the Selectmen to make pro-rata reductions in the amounts if estimated entitlements are reduced, or take any other action hereon:

Police Department (Cruiser)	\$ 3,900.00
Volunteer Ambulance Service	9,442.14
Town Dump	35,400.00
	<hr/>
	\$48,742.14

ARTICLE 33. Russell Kincaid moved and it was seconded and voted that the Selectmen be instructed to bring a plan, and cost estimate, for renovation of the Town Hall to the next town meeting.

D. Richardson: Asked if an outside committee could assist?

A. Dutton: Felt it should be left up to the Selectmen.

Citizen: Asked if the Bicentennial Committee could be represented on this?

Chr. Hayward: Replied they would be glad to ask them for any recommendations.

Robert Philbrick, Moderator: Called for a rising vote of appreciation for the dedicated ladies and gentlemen serving on the town budget committee.

Robert Philbrick, Moderator: Called for an applause of thank you from the townspeople for the Milford Audio Visual Center boys, for their very orderly handling of the speaker system.

The Moderator declared the meeting adjourned at 11:35 o'clock P.M.

## TOWN OFFICERS

### Total Town Ballot Cast — 1375

Town Clerk, Scott E. Gangloff	1329
Town Treasurer, Paul C. Rizzi	1263
Trustee of Trust Funds, Richard D. D'Amato	1274
Selectman, Three Years:	
Louise Gale	414
Charles P. Hayward	643
Joseph E. Horan (By Petition)	297
Fireward, Three Years, Dominic Calvetti	1284

Auditors:

Francis W. Mistrangelo	1137
Margaret McCormack	11
Charles Worcester	5

Trustees Wadleigh Memorial Library, Three Years:

James G. D'Amato	1077
Katherine Hardwick	1100

Checklist Count:

Men	1754
Women	1998

The following town officers were declared elected by the Moderator: Selectman, three years, Charles P. Hayward; Town Clerk, Scott E. Gangloff; Town Treasurer, Paul C. Rizzi; Trustee of Trust Funds, Richard D. D'Amato; Trustees of Wadleigh Memorial Library, James G. D'Amato and Katherine Hardwick; Fireward, Dominic Calvetti; Town Auditor, Francis W. Mistrangelo.

**SCHOOL OFFICERS**

**Total Votes Cast — 1377**

Moderator, Charles W. Ferguson 1220

School Board Member for Two Years:

Nate Carmen	864
May C. Gaffney	455

School Board Member for Three Years:

Gordon A. Armstrong	251
Walter L. Buchholz	247
Stuart W. Horne	782
Janet Lastovica	615
Kenneth T. Wheeler	552

Treasurer, Robert P. Odell 1261

Clerk, Denise D. Gowell 1159

The Moderator declared the following school officers elected: Moderator, Charles W. Ferguson; School Board Member, two years, Nate Carmen; School Board Members, three years, Stuart W. Horne and Janet Lastovica; Treasurer, Robert P. Odell; Clerk, Denise D. Gowell.

Respectfully submitted,

SCOTT E. GANGLOFF, Town Clerk
